

## 1. Plug in and Power Up

Plug your Android TV into your television and power it on. If you have Android TV built into your television, just turn on your TV.

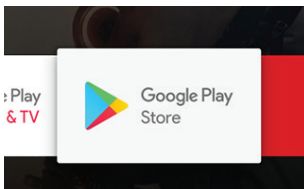

## 2. Connect to the Internet

Connect your Android TV to the internet.

## 3. Login with your Google account

Login with your Google or Gmail username and password to start using your Android TV. If you do not have a Google account, create a new one when prompted.

## 4. Download the RightNow Media App

Launch the Google Play Store and search for “RightNow Media” on your Android TV. Download the free app.

## 5. Launch and Login

The app icon will appear on your homescreen. Click on the RightNow Media icon to launch the app and login with your username and password.
