Light to My Path*

- **Main Point:** The Bible is our main source of guidance and truth about God, ourselves, and the world we live in; it lights our path for life (Psalm 119:105).

- **Preparation:** You'll need a flashlight for each child, and a list of things in your home that each child needs to find. You may want to place specific items around the house ahead of time.

- **Suggested Age:** Elementary/Pre-teen

- **Estimated Time:** 15+ minutes

**Step One:**

On a particularly dark evening, turn out every light in the house and enjoy a “light to my path” scavenger hunt with the kids. Give each child a list of things in the house that they need to find. Give each child a flashlight to light his or her path as they search for the various objects on the list.

**Step Two:**

Once the kids have successfully gathered all of the required items, reward them with a bowl of ice cream or some other treat and then read Psalm 119:105. Take some time to discuss how their adventure with the scavenger hunt compares to how the Bible lights our path of life.
